# An overview of our spaces

The **Speakers' Corners** offer companies an attractive stage to share innovative content, hold product presentations, and demonstrate thought leadership. Different session formats make it possible to engage your target audience in a flexible and focused manner.

# Speakers' Corner Compact

## Concept:

- › Up to 50 people (based on available seating and standing area)
- › Slot length: 20 min
- › Features: Silent listening system, drop-in audience, increased visibility
- › Suitable for innovative content, product presentations, and thought leadership
- › Direct interaction with potential customers and partners
- › Visibility within the overall programme

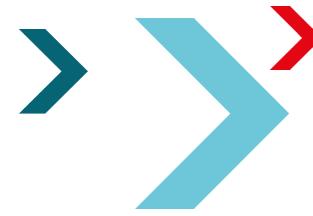

## Facilities:

- › Stage pedestal for an elevated, clearly defined presentation area
- › Fully accessible area
- › Monitors for presentations
- › Modern silent listening system and AV equipment

€3,490\*

# Speakers' Corner Classic

## Concept:

- › Up to 50 people (based on available seating and standing area)
